Claims 1-5 and 18-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1 and 18 recite in line 7 of each, "serving as first pad spacers" which is a step of using the device resulting from the method purported to be claimed by the preamble. It is as a result unclear whether a process of making a device or a process of using a device is recited. As a result, the scope of the claims cannot be determined. See Ex parte Lyell 17 USPQ2d 1548 (8/16/1990).

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

The following is a quotation of the second paragraph of 35 U.S.C. 112:
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-5 and 18-22 are rejected under 35 U.S.C. 101 because they improperly embrace or overlap two different statutory classes of invention, namely, method of making a device and process of using an apparatus, which statutory classes are set forth only in the alternative in 35 U.S.C. 101. See MPEP 2173.05(p).

In view of the 35 U.S.C. 112, second paragraph rejection of claims 1-5 and 18-22, there is a great deal of confusion and uncertainty as to the proper interpretation of the limitations of claim 1-5 and 18-22. As a result, the scope of claim 1-5 and 18-22 cannot be determined without considerable speculation or

assumption. Therefore, claim 1-5 and 18-22 has not been rejected on the basis of prior art. See MPEP 2173.06.
